GREAT NEWS!!!!

On Monday, March 25th., several SHA members met with park officials to discuss the footing issues in the arena. Plans are now underway to resurface the arena. We plan to remove the sand then cut up the clay, till all that and then mix the sand and clay together. We will focus on the barrel pattern area and the “sink hole” area along the north side of the arena. Hopefully, we can get this done before the next show. If not, we will need to make a decision as to whether to hold the April show or to have a double judge show in May.

Show Cancellations

In the future we will try hard to make a decision as to whether to cancel by 7 PM on the Friday before the show. The very latest a show will be canceled will be 6:30 Sat. morning. This might happen if we think the arena will be alright as long as we don't get more rain and then it rains during the night. In this case we would have to cancel.

PATTERNS

The patterns for all shows will be on the website and on our Facebook page. We will be posting all of the pattern sets on these sites. Pattern sets are A, B, C, D, and E. They will be used Feb – June in order and then repeated June- Nov also in order.
